Dear MARTIN .
Your expedition to Cucc Austra 4 2010 has been awarded a B.C.A. / G.P.F. / Alex Pitcher award of £ 400. A cheque is enclosed.
If for any reason your expedition does not materialise, fails to reach its objective or is significantly changed in any way, then you may be obliged to return the award. If, at any time during its planning, your expedition meets serious unforeseen barriers, would you please advise the Secretary of events.
I enclose a copy of a form which you should complete and return to the Secretary within a month of your return to Britain, by which time you should have expenditure figures which, though incomplete, will be close enough for our purposes. I can not stress too highly the importance of the early return of this feedback report if future funding of expeditions is to be maintained. You will note that a sum of £ (90 has been retained until your feedback is received.
Note that if you fail to submit the feedback report within 3 months of your return, the retained sum may be forfeited.
In addition, may I remind you of your obligation to submit a report on your expedition, no later than six months after your return. This should run to around 1000 words plus surveys and photographs and be in a style suitable for inclusion in "Speleology" or a similar national publication. Please send me a copy of any report not published in Speleology for G.P.F. records.
Please note that failure to provide the various feedback information could have a detrimental influence on any future grant requests from you, your club, or expedition members.
Please tear off and return the receipt and acknowledgement slip to the above address.
Wishing you an enjoyable and successful expedition – I look forward to hearing about it in due course.
Paul.
